

Directions: you can go to Map Quest or www.MosesBrown.org for directions, or use the ones on the next pages. Here is the map of Moses Brown; note that there are 2 entrances: one on Hope Street, with parking to the left, which is quite close to Ross House, where the meeting will be; the other lot, much bigger (is this starting to sound like Caesar?) is reached via Lloyd Avenue, through the double gates (not twin gates of sleep) past the first set of double gates on Lloyd and down the hill, on the left (if coming from the West) or on the right (if coming from the East). There will be lots of signs! The whole campus is only about 3 blocks long, so everything is really easily accessible.
